

Equine Information:

Registered Name	Copper Ridge Atlas
Barn Name	Atlas
Species	Horse
Breed	American Quarter Horse
Sex	Gelding
Age / Birth Date	11 years — 04/19/2015
Color / Markings	Sorrel; wide blaze; left hind white sock
Height / Weight	15.2 hands; approximately 1,120 lb
Microchip	981020000456789 (demo)
Registration	AQHA-style Demo Reg. # DEMO-5719042
Owner	Megan Hart — (931) 555-0131

Bloodlines:

Sire: Copper Ridge Legacy (fictional). Dam: June's Quiet Star (fictional). Grandsire lines listed for demo: Red Mesa Traveler / Quiet Star Command. All pedigree names in this packet are invented.

Awards / Performance Record:

2024 Middle Tennessee Amateur Ranch Riding Champion (demo).
2025 Volunteer State Fair Reserve Champion — Ranch Trail (demo).
2026 Spring Classic: 1st place Amateur Ranch Rail; 3rd place Ranch Riding (demo).

Allergies / Adverse Reactions:

No known drug allergies. Dusty hay aggravates cough; use soaked/steamed hay or low-dust forage.

Medical Conditions:

Mild recurrent equine asthma / inflammatory airway disease; mild hock osteoarthritis, right greater than left; otherwise healthy and sound for light-to-moderate competition.

Medications:

Firocoxib 57 mg by mouth once daily only during veterinarian-directed arthritis treatment periods.
Albuterol via equine inhaler as directed during respiratory flare-ups; no daily use when asymptomatic.

Supplements / Preventives:

Joint supplement with glucosamine/MSM; omega-3 flax supplement; rotational deworming based on fecal egg counts.

Vaccinations / Tests:

Eastern/Western encephalomyelitis + tetanus + West Nile — 03/12/2026; rabies — 03/12/2026; influenza/rhinopneumonitis — 03/12/2026 and booster 09/2025. Coggins (EIA) negative — 02/28/2026.

Recent Veterinary Care:

Annual wellness and dental float — 03/12/2026; body condition 5/9; no oral ulcers.
Right hock radiographs — 01/20/2026: mild distal intertarsal osteoarthritis, no acute lesion.
Fecal egg count — 06/01/2026: low shedder category.

Past Procedures / Surgeries:

Castrated as a yearling. Right hock joint injection with hyaluronic acid/corticosteroid — 01/20/2026, good response. No colic surgery history.

Veterinarian:

Rachel Monroe, DVM — Bluegrass Equine & Sport Horse — (931) 555-0108.
Emergency Equine Service — (931) 555-0191.

Farrier / Dental:

Farrier: Thomas Reed — (931) 555-0144; front shoes, hind barefoot; 6-week cycle.
Dental care performed by attending veterinarian; next float due approximately 03/2027.

Equine Insurance:

EquiGuard Mortality & Major Medical — Policy EG-DEMO-20418; insured value \$18,000 (demo); major medical limit \$10,000 (demo); (800) 555-0166. Fictional coverage.

Diet / Stable Management:

1.5% body weight/day grass hay or equivalent low-dust forage; 4 lb/day ration balancer split twice daily; free-choice salt and water. Avoid dry, dusty round bales. Turnout 10–12 hours/day when weather permits.

Behavior / Handling:

Generally quiet, loads and ties well. Sensitive about right hind leg after heavy work; approach calmly and avoid sudden pressure. Safe for experienced handlers.

Emergency Contacts:

Owner: Megan Hart — (931) 555-0131. Trainer: Lucas Dean — (931) 555-0170. Boarding manager: Pine Creek Stable — (931) 555-0188.
